

Product Specification

| Model | BVM-07M | Category | Modules for Toy |
|--|--|----------|-----------------|
|  | | | |
| Feature | <ul style="list-style-type: none">● Small compact size● Loud and clear sound.● Ideal for toy application.● CE-ready with 2 reinforced screws. | | |
| Operation | <ul style="list-style-type: none">● Press the push switch on the top to play. | | |
| IC Function | Voice ROM IC | | |
| Trigger | One Shot | | |
| Operation Current | ≤ 70 mA | | |
| Play time | ≥ 2,500 times (5 seconds message) | | |
| Standby Current | ≤ 2 uA | | |
| Input / Switch | Push switch (play) | | |
| Speaker Size / Type | 29mm mylar speaker | | |
| Operation Voltage | 4.5V | | |
| Battery Type | AG13 x3 | | |
| Size | 50.3 x 43 x 21.5mm | | |
| Material | ABS | | |
| Weight | 27.4g (battery included) | | |
